

Abingdon Museum Appeal

One of the most exciting happenings in Abingdon this year has been the award by the Heritage Lottery Fund to the County Hall and the Museum for their refurbishment. The Museum and the community need to raise money to help towards the project.

Over the next couple of years, there will be many events for everyone to enjoy. It is hoped that this will also raise the Town's profile, bring in new visitors and add vitality to the town centre.

A calendar of events has been arranged. Do come along to find out exactly what is happening to this beautiful building, the town's pride, and celebrate that Abingdon's heritage is being preserved for future generations to enjoy, to learn from and to realise how they, too, make history. This exciting enterprise is gathering momentum all the time, so you can keep yourself updated on the programme by looking at www.abingdon.gov.uk and watch out for more information in the local papers and around the town.
