This will enable a more comprehensive response than we would be able to if we did not receive notice.

Note

Members of the public are reminded of the limitations upon discussions at this agenda item:

- All items raised must relate to public matters in the town.
- There can be no discussion of private matters (such as litigation between persons in their private capacity) or of matters so general that they would affect the town no more than any other parish.

By law the Mayor, as Chair of this meeting, determines whether a matter may be discussed and their decision is final.

Questions received in advance:

Local Resident, Alexander Close

I am writing ahead of the parish meeting on 1st April to raise a matter of growing concern regarding road safety across Abingdon, particularly in relation to the enforcement of 20mph speed limits.

There appears to be a consistent lack of adherence to these limits, especially in areas near schools. Radley Road is a clear example, where vehicles frequently travel at excessive speeds and pass dangerously close to children cycling to and from school. This creates an unacceptable level of risk for young people and other vulnerable road users.

I would like to understand what specific actions are currently being taken to enforce the 20mph restrictions, and what further measures are planned to ensure compliance, particularly in school zones where the consequences of inaction could be severe.

Given the current situation, it feels as though enforcement is not keeping pace with the level of risk. Action needs to be taken sooner rather than later to prevent serious injury or potential fatalities.

I would appreciate it if this issue could be addressed at the meeting, and if you could provide clarity on both current enforcement efforts and any forthcoming initiatives aimed at improving safety.
