

## Abingdon Waterways Walk published

**Abingdon Waterways Walk published** (content added 29/11/11): Choose Abingdon have just published the first in the series of walk booklets that will entertain and inform local people and encourage others to come and walk in the area. This route goes right through the Medieval heart of Abingdon but also includes hours of riverside and rural rambling.

There are delightful illustrations by local artist Stuart Roper and historical detail to make the walk more interesting.

At £2, it's a great little mini-gift or stocking filler so ramble along to The Bookstore on Bury Street to buy a copy. If you buy your copy on Extravaganza Night you'll get double points on your Choose Abingdon card as The Bookstore are one of the business doing a double points promotion on purchases made on the night.
