

Local Excellence Market back this weekend

Local Excellence Market back this weekend: Saturday July 23rd will see the return of the popular Local Excellence Market which gives Abingdon shoppers the chance to sample foods, beers and crafts from Oxfordshire and the nearest counties. In addition we give our local shops the opportunity to come out of their usual premises and join us on the market place- shops like Added Ingredients, Beyond Bubbles and Recycloanalyst all support the market regularly. This time we are joined by Ock Mill giving us a demonstration of their flamegrill techniques and producing burgers, steaks and other goodies to sample.

Carbon Cutters will be showing shoppers great ways to reduce spending on petrol and making fruit smoothies using pedal power....
