

## Extravaganza all around Abingdon

**Extravaganza all around Abingdon:** one of the problems with having one of the best Market Places in the entire country is that everything tends to happen there. This year, with the new format Extravaganza, a conscious decision has been made to spread entertainment around as many of the streets as possible. There will be reindeer in Bath Street, stiltwalkers on the High Street, animals on Bridge Street and Iggle Piggle popping up in Stert Street and Bury Street! ...and more...details of the times and places of entertainments around the streets are on this downloadable pdf ([click on link on the right](#)) and printed copies will be given out on the day so you don't need to miss a thing!
