Re: 2021 Abingdon Marathon Notice

Sir / Madam,

On the basis that COVID-19 restrictions will have been lifted by the time of the race, I am writing to provide formal notification that the 2021 Abingdon Marathon is scheduled to take place on Sunday, 24th October. The race start time is scheduled for 09:00hrs. Essentially the same route is planned as for the 2019 race with minimal changes affecting the route – please refer to the Course Map, Sector Map, Spectator Map and Signage & Course documents attached. As usual, the appropriate signage and marshalling will be provided for the course.

In addition to the ongoing consultation with the Oxfordshire County Council, traffic management services will be employed to manage the traffic at the start and finish of the race, the town centre and other strategic locations identified on the course. The details will be finalised in the 2021 Event Plan to be submitted to the Oxfordshire Highways Authority for approval in due course.

Hopefully this will all be acceptable. Please do not hesitate to contact me if you require any further information and/or wish to discuss the event further.

Kind Regards

Clifford Penton
Race Director
2021 Abingdon Marathon
