

Accessibility Guide

Welcome to Abingdon County Hall Museum.

The information below is designed to help you to plan your visit.

A hearing induction loop is available throughout the museum.

Guide dogs are very welcome but no pets please.

The Cellar

- There is a lift from street and arcade level down to the Cellar area. Please press the button on the lift for assistance.

The Cellar has:

- A display area with the Abingdon Crossley engines and pump. It includes a low-level bench with a push button to hear an audio description telling the story of the machine and also makes it work.
- Our café is currently **closed**.
- A toilet for disabled people.
- Nappy changing facilities.
- There is no lift access to the Gallery and Abingdon Attic displays.

The Stairs

- The stairs are wooden, wide and have a shallow tread
- There are 37 stairs to the Gallery from street level
- There are 53 stairs to the Attic displays from the Gallery
- There are 16 narrow stairs to the roof

The Sessions Gallery

- There is a staffed information point and shop in the Gallery where you can:
- Borrow digital magnifying viewers (small deposit required)
- Enjoy the displays through touching some objects, trying on costume and use interactives relating to archaeological finds and Abingdon Abbey.

Abingdon Attic

- There is a staffed information point in this area where you can:
- Borrow digital magnifying viewers (small deposit required)
- Explore the bench beneath the Monks' Map which includes a tactile relief of a part of the map, a detailed audio description and a book containing tactile images and descriptions of the map in large print and Braille.
