PRESS RELEASE – Single use plastic pledge scheme

Abingdon Town Council's Greens and Amenities Committee is delighted to re-launch the reduction of single use plastic in the town. The Committee at the meeting held on 15th November 2022 agreed to launch of a pledge for local businesses, schools, academies, Community groups and organisations to reduce the use of single use plastic.

One of the emphases is that if you use plastic whilst in town you take it home with you and recycle it in your recycling bin. Alternatively, you could use reusable cups when in town, some cafes provide a reduction for using your own cup when buying refreshments.

To sign up to the scheme please visit the website and download the form. (Link to be added.)

Please send the form by email to Karen.Crowhurst@abingdon.com or Andy?

The Town Council when holding events will aim to ensure that there is a considerable reduction of use of single use plastics and will discount stall holders who can demonstrate 'that alternative provision has been made. There will be an opportunity to purchase a reusable cup at the event.

Please keep checking the website for any further news and updates.
