Our target group, for this ATC priority, is young people living in Abingdon and aged between 10 and 19. 4. Vision and objectives

Please explain how your project will meet the town councils vision and objectives, which are set out below. **You do not need to respond to each point** but it is important that your project addresses the town council's vision and at least one objectives.

4a. Vision

To develop an inclusive community so that Abingdon is the place where everyone wants to live and where the wellbeing of residents is prioritised. In developing this community, the town will be one which is environmentally sustainable, vibrant, resilient and safe.

There are two main strands to our work:

(a) Building trusting relationships with young people and meeting their needs with the objective that they feel they have the agency to make positive life choices and feel engaged within the community; The starting point for this is street work where we meet young people in their spaces. We have also established open access and targeted youth provision to address needs and develop agency. Where needs are picked up targeted intervention is provided – this maybe for building positive mental health; accessing education, employment or training, or emotional support in dealing with relationship issues (family, friendship, bullying etc.). This work is ongoing and will continue into Year 3 of the project.

(b) Ensuring that the diverse voices of young people (particularly those most disadvantaged) are heard at all levels of policy making within Abingdon Town Council and other service providers.

We are currently in Year 2 of this project. Year 1 was focussed on building the youth voice group and they carried out a survey of young people in Abingdon on issues that were important to them; Year 2 has focussed on analysing the survey – highlighting the headline findings on safety and mental health; holding discussions with the Abingdon Town Councillors. These discussions will carry through in to Q4 of 2022/23 as well as other focus groups of young people will debate the issues to feedback through the Youth Voice group to the Abingdon Town Councillors. Having established the concept of young people engaging with Town Councillors, in Year 3 we plan to

continue building on the initial engagement with town councillors (particularly as it will be a new council) and also strengthen links with other organisations in Abingdon. We will support young people to plan and deliver a social action project that will involve other organisations in Abingdon. This will embed a sustainable Abingdon-wide multiservice collaboration to offer earlier, more coherent support, which is streamlined to meet the needs of all Abingdon young people (age 10 to 19). The specifics of the project will be worked on with the Town Council.
