

“Rewild and Grow”

Abingdon Town Council Biodiversity Competition

Nature-led learning to improve wellbeing by supporting biodiversity, sustainability and the climate emergency

Abingdon Town Council’s Amenities and Environmental Committee invites schools, colleges and local residents to enter; schools and colleges using their land/green spaces; residents using private or shared green spaces

We invite you to sow, grow, be wild and innovative.

Start planning your project for the year and let us know what this is in terms of your plans and desired outcomes, either as an individual or group project.

Please confirm your entry via email to green@abingdon.gov.uk, by the end of March 2024 with photographic and descriptive evidence by April 2024. Judging will take place in September 2024 and prizes awarded in October

2024

We will be asking for photographs illustrating your progress to date alongside a description of what has been achieved and the difference you want this to make to your community, biodiversity and wellbeing for all.
